

ASA Safety & Health Committee

2022 Safety Leadership How-To Sessions

The ASA-Houston Chapter's Safety & Health Committee established a Safety Leadership Series to enhance safety leadership awareness to local subcontractors. Each session is one hour and includes a hosted lunch and key take-aways that can be implemented immediately. The target audience is small subcontractor firms who could use a little help in establishing and/or growing a safety program within their companies. Programs are free to attend ASA membership is not required.

February 3, 2022 (11:00 am – 12:00 pm)

How to Establish a Formal Safety Program

Presenters: Jorge Hermosillo, Cesar Garcia
Venue/Lunch Sponsor: Chamberlin Roofing & Waterproofing, MEMCO

ABOUT THE PROGRAM: This one-hour, interactive seminar is intended to assist people whose role is to oversee "safety" within their subcontractor company by developing a formal safety program.

Not only does a safety program ensure that your employees are performing at a higher level, but it improves a company's value within the industry. This program will teach you how to keep your EMR down while growing your company!

April 7, 2022 (11:00 am – 12:00 pm)

Embracing a Culture of Safety in the Workplace

Presenters: Mike Macomber, Faith Boren
Venue/Lunch Sponsor: Adams Insurance Service

ABOUT THE PROGRAM:
Safety culture consists of shared beliefs, practices, training, talent, and attitudes of a group toward the level of safety in an organization. It is changeable but moldable and controlled.

This program will explore ways you can create a lifestyle of "zero accidents" in the workplace.

June 2, 2022 (11:00 am – 12:00 pm)

How to Transition Into a Safety Leadership Position

Presenter: Jorge Gomez, OSHA
Guests: Kevin Galvez, Oxford Builders; Salvador Ramirez, Texas Moisture Protection
Venue/Lunch Sponsor: Fast Track Specialties

ABOUT THE PROGRAM:
Have you recently taken on the role of "safety" at your company? Whether you come from the office or field, transitioning into a safety position can be challenge. Hear from OSHA on what they expect to find on jobsites and from safety professionals who recently transitioned into safety roles from the field.
