OSHA NATIONAL SAFETY STAND-DOWN WEEK

In conjunction with OSHA's National Safety Stand-Down week, which takes place May 7-11, ASA-HC is asking all members to plan — or participate in — a safety stand-down during the week. Last year more than 12,000 ASA-HC member company employees took part in OSHA's National Safety Stand-Down week. This year, the ASA-HC Safety committee's goal is **15,000 individuals!**

What is a safety stand-down? It's a voluntary event for employers to talk directly to employees about fall hazards, and to reinforce the importance of fall prevention. The purpose of OSHA's National Fall Prevention Stand-Down is to raise awareness of — and prevent — fall hazards in construction.
