## STRONG START FOR ASA-HC'S NEWEST PEER GROUP, SHE BUILDS IT

Women in construction have a new opportunity available to them with ASA-HC's She Builds It peer group. Launched in April, She Builds It is a group for women who work for — or own — an ASA-HC member company. The idea originated with a small group of women within ASA-HC who wanted a place where they could serve as resources for one another, build relationships with other women in the industry and create mentoring opportunities.

We are excited to say the idea has gone over big. Our first two members-only events, a networking happy hour and a lunch meeting featuring a panel of women business owners, saw tremendous turnouts. Looking forward, in September the group will enjoy a guided historic tour of Buffalo Bayou, followed by a members-only networking event. Our December 5 Holiday Gathering will mark She Builds It's first "open" event for all women in construction. We hope you'll join us at the event!

With the excitement we've seen during She Builds It's start-up, it is obvious this group is a welcome addition to the Houston construction scene. There's no telling what this group will accomplish!
