General Lunch Meeting: Construction Industry & Economic Outlook for 2018

ASA-HC is pleased to announce that, for the eighth year, [FMI Corporation's](#) Pat Kiley and Candace Hernandez will present their highly-anticipated and informative construction and economic outlook.

Prior to being acquired by FMI Corporation in January 2017, Pat and Candace worked as a team at Kiley Advisors for more than 12 years. There, they counseled senior executives on matters of strategy and leadership, all the while displaying positive energy and a passion to serve the industry. The duo is universally held in the highest regard by their clients and industry partners, and we look forward to the upcoming event.

Did You Know?

Legislators get ideas for changing the laws — or creating new ones — from you. There are several ways to get involved in the legislative process and make known your ideas, needs, support and nonsupport of the issues.

Here are some ways to voice your opinions before elections take place:

1. Meet the candidates in your district and ask them about issues of importance to you.
2. If you believe a candidate merits your support, contribute your time and resources to their efforts. This can include, among other things, doing block walks and making campaign signs.
