## SAFETY STARTS AT HOME

### ASA-HC TO SPOTLIGHT HOME AND FAMILY SAFETY SERIES FOR ASK RESOURCES

ASA-Houston Chapter has more than 50 Accessing Safety Knowledge (ASK) sheets online that can be downloaded and used for toolbox talks. This year, the ASA-HC Safety Committee is working on 12 ASK sheets that will focus on safety for your home and family. Sheets will include tips on household chemicals, water recreation, fire safety and more. Below is a preview of the first in the series to be released: **“Who Is Safety Director At Your House?”**

#### SAFETY: It’s talked about a lot on the job, but what about at your home?

Did you know that more than 18,000 Americans die every year from injuries that take place in the home? According to National Safety Council statistics, home accidents are the second-most common place where fatalities occur. From minor burns to poisonings to electric shocks, drowning and suffocations, unfortunately these type of home incidents average over 21,000,000 medical visits each year – that accounts for nearly \$220 billion in medical costs!

When you think about it, safety is a learned behavior and life skill that we, as parents, need to be teaching at home so that our kids are better able to follow safety rules at work as adults. If we could all teach the importance of safety in our homes, it wouldn’t be such a burdensome job at work.

So, who is the safety director at your house? Do you have safety glasses for kids and kid’s gloves for your little ones? Do you weed-eat in shorts and without safety glasses, with your kids watching? What message about safety are you sending them? [Read More >>](#)

## Did You Know?

The bill-filing deadline for this session of the Texas legislature is Friday, March 8. During the first six weeks of the eight-and-a-half week filing time, more than 2,700 bills were filed. With an average of just over 6,000 bills filed each session, that leaves approximately 3,300 bills to be filed in the last two-and-a-half weeks of the filing timeframe. Legislators will then have until May 27 to decide which bills will pass and which will fail.
